Specification Summary

Brand	Dortrend
Product type	Escutcheon & Rose

Product Description

The Dortrend 10ECE3 is a high-quality Euro profile escutcheon designed to provide a clean, professional finish to your door hardware. Manufactured from durable anodised aluminium (SAA), this escutcheon is ideal for both commercial and residential environments where a neat and modern appearance is required.

Featuring a concealed fixing design, the 10ECE3 hides unsightly screw heads from view, ensuring a seamless and tamper-resistant installation. It has a standard 50mm diameter and a 10mm depth, making it compatible with a wide range of Euro cylinder locks. Supplied with the necessary screw fixings, this escutcheon is easy to install and offers

a robust, long-lasting solution for protecting and smartening up your doors.

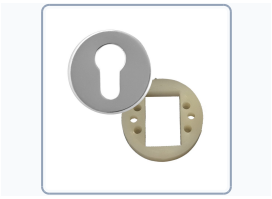

Technical Specifications

Brand Profile

Dortrend

Dortrend is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
