Product type	Lever Furniture

Product Description

The Dortrend 20RCR is a high-quality, round bar return-to-door lever handle mounted on a round rose. Featuring a classic and practical design, the return-to-door lever profile helps prevent clothing from snagging, making it an ideal choice for both commercial and residential environments.

Constructed with a durable anodised aluminium finish, this lever furniture is designed to withstand regular use while maintaining its clean, modern appearance. The handles are sprung to ensure they return smoothly to their horizontal position after use. They feature a 55mm diameter, 10mm deep rose with concealed fixings to provide a neat, professional installation without visible screw heads. The levers are securely fixed to the 8mm spindle using grub screws for a reliable and long-lasting fit.

Brand Profile

Dortrend

Dortrend is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
