Specification Summary

Brand	Dortrend
Product type	Lever Furniture

Product Description

The Dortrend 20RW Witley Large Plate Mounted Unsprung Lever Furniture is a high-quality, durable door handle solution designed for both ease of use and long-lasting performance. Part of the popular Witley range, these lever handles feature extra-large 10g aluminium backplates, measuring 155mm in length, making them ideal for covering existing fixing holes or providing a substantial, robust look.

Designed with accessibility in mind, the levers feature a return to door (RTD) style with a comfortable 19mm round profile. This ergonomic design ensures ease of operation, making these handles highly suitable for DDA (Disability Discrimination Act) compliant applications.

These unsprung levers are supplied as a pair with an 8mm spindle and secure bolt-through fixings. They are available in multiple mechanism options, including Latch Only, Euro Cylinder, and Oval Cylinder, with weights ranging from 787g to 840g. Please choose your preferred mechanism option from the selection below.

Technical Specifications

- **Brand:** Dortrend
- **Range:** Witley (20RW)
- **Finish:** Anodised Aluminium
- **Handle Diameter:** 19mm
- **Plate Length:** 155mm

Brand Profile

Dortrend

Dortrend is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
