Specification Summary

Brand	Dortrend
Product type	Escutcheon & Rose

Product Description

The Dortrend 2151 is a high-quality, square-faced front fix escutcheon designed to provide a neat, professional finish around keyholes. Manufactured by Dortrend, this escutcheon features a classic polished brass finish that complements traditional and modern door furniture alike.

With its face-fixing design, the escutcheon is straightforward to install directly onto the surface of the door. Measuring 57mm in length and 44mm in width, it offers a compact yet robust solution for protecting the door surface around the keyway while enhancing the overall aesthetic of your door hardware.

This product is supplied individually and is ideal for both residential and commercial applications where a clean, polished brass finish is desired.

Brand Profile

Dortrend

Dortrend is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
