Specification Summary

Brand	Dortrend
Product type	Finger

Product Description

The Dortrend 75mm Wide Rounded Aluminium Finger Plate is a durable and stylish door push plate designed to protect your doors from wear, tear, and unsightly finger marks. Manufactured from high-quality satin anodised aluminium, this finger plate offers excellent corrosion resistance and a clean, modern aesthetic that complements any contemporary commercial or residential interior.

Featuring a robust 3mm thickness and smooth rounded corners, it provides a sleek, low-profile finish while ensuring user safety. Measuring 305mm in length and 75mm in width, it offers ample surface area to shield high-traffic doors from daily use. This hard-wearing push plate is an ideal choice for offices, schools, hospitals, and busy public buildings.

Brand Profile

Dortrend

Dortrend is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
