Specification Summary

Brand	Dortrend
Product type	Spindle

Product Description

The Dortrend YGCSP Split Spindle is a high-quality door furniture accessory designed to provide independent handle operation. It allows one side of a door handle to operate freely to retract the latch, while the opposite handle remains fixed or inactive. This functionality is ideal for specific access control setups, vestibule doors, or commercial applications where entry needs to be restricted from one side while allowing free egress from the other.

Manufactured by Dortrend, this spindle features a robust construction with a corrosion-resistant zinc-plated finish, ensuring long-lasting durability and smooth operation. It has a standard 8mm width and a total length of 93mm, making it compatible with a wide range of commercial and residential door handles and locks designed for 8mm spindles.

Whether you are replacing a worn spindle or installing a new split-function lockset, the Dortrend YGCSP offers a reliable, straightforward solution.

Technical Specifications

- **Brand:** Dortrend
- **Manufacturer Reference:** YGCSP
- **Part Number:** L10786
- **Spindle Width:** 8mm
- **Length:** 93mm
- **Finish:** Zinc Plated
- **Weight:** 30g
- **Pack Quantity:** 1
- **Barcode:** 5055120610962

Brand Profile

Dortrend

Dortrend is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
