Specification Summary

Brand	Energizer
Product type	Battery

Product Description

The Energizer CR2016 3V Lithium Coin Battery Twin Pack provides reliable, long-lasting power for a wide range of small electronic devices. Commonly used in keyless entry remotes, car key fobs, heart-rate monitors, glucose monitors, and toys, these high-quality lithium coin cells ensure your essential devices remain operational when you need them most.

Designed to withstand extreme temperatures ranging from -30°C to 60°C, these batteries offer dependable performance in tough conditions. They also feature an impressive shelf life, holding their power for up to 10 years in storage, making them perfect to keep as spares. This twin pack comes in secure blister packaging to ensure they remain safe and fresh until ready for use.

These batteries are direct replacements for standard CR2016 models, as well as DL2016, ECR2016, BR2016, SB-T11, and others.

Technical Specifications

- **Brand:** Energizer

- **Battery Type:** Lithium Coin Cell
- **Model:** CR2016
- **Voltage:** 3V
- **Diameter:** 20mm
- **Thickness:** 1.6mm
- **Pack Quantity:** 2 (Twin Pack)
- **Equivalent Models:** 280-202, 280-204, 280-206, 5000LC, BR2016, DL2016, SB-T11, ECR2016
- **Operating Temperature Range:** -30°C to 60°C

Key Features

- **Reliable Power:** Ideal for high-drain and low-drain devices, including car key fobs, keyless entry remotes, and medical monitors.
- **Long Shelf Life:** Holds charge for up to 10 years in storage, ensuring they are ready when needed.
- **Extreme Temperature Performance:** Operates dependably in temperatures ranging from -30°C to 60°C.
- **Convenient Twin Pack:** Supplied as a pack of two in secure blister packaging.
- **Mercury-Free:** Environmentally conscious design with no added mercury.
