Product Description

The English Chain 331 Brass Oval Chain is a high-quality, lightweight chain designed primarily for decorative and light-duty domestic applications. It is commonly used for hanging pictures, mirrors, and light fixtures, as well as for plumbing applications such as sink and bath plug chains.

Crafted from durable brass, this chain is available in two attractive finishes: Polished Brass and Chrome Plated. It is supplied in convenient 10-metre lengths, making it easy to cut to your required size.

To suit your specific project, this chain is available in multiple options. You can choose from inside link lengths of 13mm or 16mm, with corresponding link diameters of 1.8mm or 2.3mm. Please select your preferred finish, size, and weight from the options below to find the perfect fit for your requirements.

Brand Profile

English Chain

English Chain (English Chain Company Limited) is a long-established UK specialist supplier of **chain, chain assemblies, and accessories**, with a strong trade presence in **security chains, cables and locks**, plus complementary ironmongery and fittings. The company traces its roots back to **1923** and positions itself as “the UK specialist” in this niche, built on decades of manufacturing, exporting, and distribution know-how.

In the product world, English Chain sits in that sweet spot of **practical, spec-by-thickness hardware**—from lighter decorative and general-purpose chain through to serious **hardened security chain + padlock sets** for bikes, motorbikes, caravans, and property anchoring. Their ranges include named security lines such as **Superquad** (heavy-duty square-link style) and other medium/high-security chain options, often offered sleeved to protect finishes and make attacks more awkward.

Operationally, English Chain is based in **Godalming, Surrey** (their “Chain House” site is used across trade/contact listings), and they also run **English Chain Direct**, an online arm described as part of English Chain Co. Ltd, selling a wide spread of chain types (steel, stainless, plastic, welded, etc.) alongside security products and accessories.
