## Product Description

The English Chain Case Hardened Chain is a high-security welded chain designed to provide robust protection for your property. Featuring a deep case-hardened finish, this chain is specifically engineered to offer excellent resistance against hacksaw attacks, making it an ideal choice for securing gates, bicycles, machinery, and outdoor equipment.

Each link is securely welded and finished with a bright zinc plating, which not only gives it a clean appearance but also provides essential corrosion resistance for outdoor use.

This versatile security chain is available in a selection of lengths, link diameters, and packaging options to suit your requirements. Please choose your preferred chain length, link diameter, and packaging from the options below.

## Brand Profile

English Chain

**English Chain** (English Chain Company Limited) is a long-established UK specialist supplier of **chain, chain assemblies, and accessories**, with a strong trade presence in **security chains, cables and locks**, plus complementary ironmongery and fittings. The company traces its roots back to **1923** and positions itself as “the UK specialist” in this niche, built on decades of manufacturing, exporting, and distribution know-how.

In the product world, English Chain sits in that sweet spot of **practical, spec-by-thickness hardware**—from lighter decorative and general-purpose chain through to serious **hardened security chain + padlock sets** for bikes, motorbikes, caravans, and property anchoring. Their ranges include named security lines such as **Superquad** (heavy-duty square-link style) and other medium/high-security chain options, often offered sleeved to protect finishes and make attacks more awkward.

Operationally, English Chain is based in **Godalming, Surrey** (their “Chain House” site is used across trade/contact listings), and they also run **English Chain Direct**, an online arm described as part of English Chain Co. Ltd, selling a wide spread of chain types (steel, stainless, plastic, welded, etc.) alongside security products and accessories.
