Specification Summary

Brand	English Chain
Product type	Welded Steel

Product Description

The English Chain Strong Link Security Welded Steel Chain is a robust and reliable security chain designed to protect your valuable assets. Constructed from deep case-hardened welded steel, this chain offers excellent resistance against hacksaws and other manual cutting tools, making it an ideal choice for securing gates, bicycles, machinery, and outdoor equipment.

To ensure long-lasting durability in outdoor environments, each chain is zinc plated for corrosion resistance. It is also wrapped in a protective thermo-shrunk sleeve, which helps prevent scratches and damage to your secured items. Please note that the sleeve colour may vary, with red, black, or clear options available.

This security chain is available in a variety of link diameters, lengths, and weights to suit your specific security requirements. Please select your preferred chain length, link diameter, and other specifications from the options below.

Technical Specifications

- **Brand:** English Chain
- **Material:** Deep case-hardened welded steel
- **Finish:** Zinc plated with protective thermo-shrunk sleeving
- **Chain Length:** Available in lengths from 0.6m to 1.5m (please select from the options below)
- **Link Diameter:** Available in 6mm, 8mm, and 10mm (please select from the options below)
- **Inside Link Length:** Available in 24mm, 32mm, and 40mm (please select from the options below)
- **Inside Link Width:** Available in 12mm, 16mm, and 20mm (please select from the options below)
- **Weight:** Ranges from 440g to 3kg depending on size (please select from the options below)
- **Pack Quantity:** 1
- **Packaging:** Loose

Key Features

- **Hacksaw Resistant:** Deep case-hardened welded steel construction provides strong resistance against cutting and sawing.
- **Corrosion Protection:** Zinc-plated finish protects the steel chain from rust and weathering.
- **Protective Sleeving:** Thermo-shrunk sleeve prevents the chain from scratching or damaging your paintwork and equipment.
- **Versatile Options:** Available in multiple lengths and link diameters to suit different security needs - please choose from the options below.

Brand Profile

English Chain

English Chain (English Chain Company Limited) is a long-established UK specialist supplier of **chain, chain assemblies, and accessories**, with a strong trade presence in **security chains, cables and locks**, plus complementary ironmongery and fittings. The company traces its roots back to **1923** and positions itself as “the UK specialist” in this niche, built on decades of manufacturing, exporting, and distribution know-how.

In the product world, English Chain sits in that sweet spot of **practical, spec-by-thickness hardware**—from lighter decorative and general-purpose chain through to serious **hardened security chain + padlock sets** for bikes, motorbikes, caravans, and property anchoring. Their ranges include named security lines such as **Superquad** (heavy-duty square-link style) and other medium/high-security chain options, often offered sleeved to protect finishes and make attacks more awkward.

Operationally, English Chain is based in **Godalming, Surrey** (their “Chain House” site is used across trade/contact listings), and they also run **English Chain Direct**, an online arm described as part of English Chain Co. Ltd, selling a wide spread of chain types (steel, stainless, plastic, welded, etc.) alongside security products and accessories.
