Specification Summary

Brand	English Chain
Product type	Welded Steel

Product Description

The English Chain Superquad High Security Welded Steel Chain is a heavy-duty, high-grade security chain designed to provide maximum strength and protection for your valuables. Constructed from special alloy steels, this chain features a square section design that is both through and case hardened, offering high resistance to attacks from hacksaws and bolt cutters.

To ensure long-lasting durability and weather resistance, the chain is bright zinc plated. It also features a protective blue thermo-shrunk sleeve, which helps prevent scratches and damage to your equipment's paintwork. This high-

security chain is available in multiple lengths, link diameters, and weights, making it a versatile choice for securing motorbikes, trailers, gates, and garden machinery. Please choose your required specifications from the options below.

Technical Specifications

- **Material:** High-grade special alloy steel
- **Hardening:** Through and case hardened

Brand Profile

English Chain

English Chain (English Chain Company Limited) is a long-established UK specialist supplier of **chain, chain assemblies, and accessories**, with a strong trade presence in **security chains, cables and locks**, plus complementary ironmongery and fittings. The company traces its roots back to **1923** and positions itself as “the UK specialist” in this niche, built on decades of manufacturing, exporting, and distribution know-how.

In the product world, English Chain sits in that sweet spot of **practical, spec-by-thickness hardware**—from lighter decorative and general-purpose chain through to serious **hardened security chain + padlock sets** for bikes, motorbikes, caravans, and property anchoring. Their ranges include named security lines such as **Superquad** (heavy-duty square-link style) and other medium/high-security chain options, often offered sleeved to protect finishes and make attacks more awkward.

Operationally, English Chain is based in **Godalming, Surrey** (their “Chain House” site is used across trade/contact listings), and they also run **English Chain Direct**, an online arm described as part of English Chain Co. Ltd, selling a wide spread of chain types (steel, stainless, plastic, welded, etc.) alongside security products and accessories.
