Brand	ERA
Product type	British Standard

Product Description

The ERA 1530 & 1730 BS8621:2004 Auto Deadlocking Escape Nightlatch offers the perfect balance between high security and vital fire safety. Specifically designed for external doors in multi-residential properties, flats, and other buildings, this nightlatch provides keyless egress at all times. In the event of an emergency, occupants can make a swift escape using the simple internal lever handle without needing to locate a key.

When the door is closed, the latch automatically deadlocks with a robust 20mm bolt throw, preventing common bypass methods such as "carding." The lock also features a convenient bolt hold-back facility (snib) on the lock body to temporarily hold the latch retracted.

This nightlatch is available in multiple configurations to suit your door's requirements. Please choose your preferred backset, case finish, cylinder finish, manufacturer reference, barcode, and weight from the options below.

Technical Specifications

- **Standards:** BS 8621:2004, Secured by Design
- **Backset:** 40mm or 60mm (please select from the options below)
- **Bolt Throw:** 20mm
- **Cylinder System:** ERA 6-pin cylinder
- **Keys Supplied:** 3 keys
- **Case Finishes:** Available in Black, Polished Brass, Polished Chrome, Satin Chrome, or Satin Nickel (please select below)
- **Cylinder Finishes:** Available in Black, Chrome Plated, Polished Brass, or Satin Chrome (please select below)
- **Weight:** 1.45kg - 1.60kg (please select from the options below)

Key Features

- **Keyless Egress:** Allows immediate emergency exit from the inside using a lever handle, with no key required.
- **Automatic Deadlocking:** The 20mm bolt automatically deadlocks upon closing, protecting against forced entry and carding.
- **Hold-Back Facility:** Integrated snib on the lock body allows the bolt to be held back when unrestricted access is needed.
- **Versatile Options:** Available in narrow (40mm) and standard (60mm) backsets to suit different door profiles.
- **Insurance Approved:** Certified to BS 8621:2004 and Secured by Design accredited for peace of mind.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
