Brand	ERA
Product type	Privacy

Product Description

The ERA 168 Privacy Knobset is an ideal choice for internal doors, particularly in bathrooms and bedrooms where privacy is required. Combining safety and convenience, this knobset features an internal turn button to lock the door and an external emergency release mechanism on the outside, ensuring peace of mind and quick access if needed.

Equipped with an adjustable tubular latch, this knobset can be set to either a 60mm or 70mm backset, making it highly versatile and easy to install on a variety of doors. It is designed to fit standard internal doors and comes with all necessary fixings.

This versatile knobset is available in multiple high-quality finishes, including Chrome Plated, Electro Brass, and Satin Chrome, to match your interior decor. It is also offered in different packaging options, including a Display Box or Visi pack, with various manufacturer references and barcodes. Please choose your preferred finish, packaging, manufacturer reference, and barcode from the options below.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
