Specification Summary

Brand	ERA
Product type	Passage

Product Description

The ERA 170 Passage Knobset is a high-quality, non-locking door knob set designed specifically for internal doors where privacy locking is not required. Ideal for both domestic and commercial interior spaces, this knobset allows free, unrestricted access at all times, making it perfect for hallways, kitchens, and communal areas.

Engineered for straightforward installation, it features an adjustable tubular latch that can be set to either a 60mm or 70mm backset, ensuring compatibility with most standard door preparations.

This versatile knobset is available in a choice of three attractive finishes to complement your interior decor: Chrome Plated, Electro Brass, and Satin Chrome. Please select your preferred finish, manufacturer reference, and barcode from the options below.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
