Specification Summary

Brand	ERA
Product type	British Standard
Keyway	ERA NL & Dead+Sash

Product Description

The ERA 1830 & 1930 British Standard High Security Auto Deadlocking Nightlatch is designed to offer maximum security for external timber doors. Ideal for both solid and glass-panelled wooden doors, this nightlatch features an ergonomic internal handle that can be deadlocked from the inside with a key, preventing intruders from reaching through broken glass to open the door.

Engineered with a robust 20mm bolt throw, the main latchbolt automatically deadlocks upon closing, rendering "credit card slipping" entry methods virtually impossible. The integrated cylinder pull provides additional protection against drilling attacks, while a convenient snib feature allows the bolt to be held in the withdrawn position when required.

This high-security rim lock is available in multiple configurations. Please choose your preferred backset (40mm ERA 1830 or 60mm ERA 1930), finish, and packaging style from the options below.

Technical Specifications

- **Brand:** ERA
- **Standards:** Conforms to BS 3621:2017 (BS EN 12209)
- **Backset:** 40mm or 60mm (please choose from the options below)
- **Bolt Throw:** 20mm
- **Cylinder System:** ERA 6-pin cylinder (over 30,000 key variations)
- **Keys Supplied:** 3 keys
- **Finishes:** Available in Black, Polished Brass, Polished Chrome, Satin Chrome, and Satin Nickel (please choose from the options below)
- **Packaging:** Boxed, Display Box, or Visi (please choose from the options below)
- **Weight:** 1.49kg - 1.7kg (depending on specification)

Key Features

- **Automatic Deadlocking:** Latchbolt automatically deadlocks when the door is closed, preventing forced entry via credit card shimming.
- **Internal Locking Handle:** Ergonomic inside handle can be deadlocked with a key, making it ideal for glass-panelled doors.
- **Drill Protection:** Features an integral cylinder pull to protect the cylinder from drilling attacks.
- **Snib Function:** Allows the bolt to be held in the withdrawn position for convenience.
- **Insurance Approved:** Meets the stringent security criteria of police and insurance companies.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
