Specification Summary

Brand	ERA
Product type	5 Lever

Product Description

The ERA 201 & 301 Viscount 5 Lever Deadlock is a reliable, cost-effective security solution designed for timber doors. Perfect for volume users, new build projects, and domestic refurbishments, the Viscount is an ideal retrofit upgrade for older 2 and 3-lever mortice locks (such as the ERA Profit).

As a non-BS3621 lock, it is best suited for internal doors, outbuildings, or secondary doors where British Standard approval is not required. Despite its budget-friendly price, it provides robust physical security, featuring false-notched levers to resist lock picking and a deadbolt with hardened steel rollers to defend against hacksaw attacks.

This deadlock is available in multiple sizes, finishes, and packaging styles. Choose from a 64mm or 76mm case depth (providing a 44mm or 56mm backset) and either a Polished Brass or Satin Chrome finish to match your door hardware. Please select your preferred options from the list below.

Technical Specifications

- **Brand:** ERA
- **Mechanism:** 5 Lever
- **Case Depth:** 64mm or 76mm (please choose from the options below)
- **Backset:** 44mm or 56mm (please choose from the options below)
- **Case Height:** 87mm
- **Forend Dimensions:** 150mm (L) x 26mm (W)
- **Finish:** Polished Brass or Satin Chrome (please choose from the options below)
- **Keys Supplied:** 2
- **Keying:** Keyed to Differ (500 differs; Keyed Alike and extra key cutting available in-house)
- **Suitable For:** Wooden doors

Key Features

- **Ideal Retrofit Upgrade:** Easily replaces existing 2 and 3-lever locks to step up security.
- **Anti-Pick Resistance:** False-notched levers help prevent lock picking.
- **Anti-Saw Protection:** Hardened steel rollers in the bolt resist hacksawing.
- **Slimline Profile:** Compact design offers long service in demanding situations.
- **Multiple Options:** Available in various sizes, finishes, and packaging types (Boxed, Display Box, or Visi) to suit your needs.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
