Specification Summary

Brand	ERA
Product type	Cylinder - Euro Lock Case

Product Description

The ERA 225 & 325 Euro Viscount Deadcase offers exceptional versatility and security, designed to accommodate most Euro profile locking cylinders (sold separately). This robust mortice deadlock case is an ideal replacement for existing door locks, including the ERA Profit range, requiring minimal modifications to your existing door prep and fittings.

Engineered with security in mind, the deadbolt features hardened steel rollers designed to resist hacksawing attacks. This lockcase is available in multiple configurations to suit your door's specifications. Please choose your preferred backset (44mm or 56mm), case depth (64mm or 76mm), and finish (Polished Brass or Satin Chrome) from the options below.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
