Specification Summary

Brand	ERA
Product type	Cylinder - Euro Lock Case

Product Description

The ERA 233 Fortress BS Euro Keyless Egress Deadlock is a high-security mortice lock designed to provide reliable external protection while ensuring a safe, keyless exit in an emergency. Certified to BS EN 8621, this deadlock is specifically engineered for entrance doors in multi-residential buildings, flats, and other properties where quick evacuation is essential.

The lock comes complete with an ERA 6-pin thumbturn cylinder, allowing occupants to unlock the door from the inside without a key, ensuring a swift exit in the event of a fire. For robust security, the deadlock features a red case with hardened steel plates on the roses and four hardened steel rollers in the bolt to resist sawing and physical attacks.

This deadlock is available in multiple finishes, bolt throws, and weights. Please select your preferred finish, forend finish, bolt throw, manufacturer reference, and weight from the options below.

Technical Specifications

- **Brand:** ERA
- **Standards:** BS EN 8621
- **Security Certification:** Secured by Design approved
- **Cylinder System:** ERA 6 Pin
- **Keys Supplied:** 3
- **Backset:** 44mm
- **Case Depth:** 64mm
- **Case Height:** 89mm
- **Forend Length:** 134mm
- **Forend Width:** 26mm
- **Case Finish:** Red
- **Bolt Throw:** 23mm or 44mm (please choose from the options below)

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
