Product Description

The ERA 263 & 363 Fortress BS Euro Deadlock is a high-security mortice lock designed to meet the rigorous demands of insurance companies and the police. Conforming to BS 3621:2007, this robust deadlock offers exceptional protection for external timber doors.

This lock is supplied complete with a 70mm (35/35) 6-pin high-security euro double cylinder and three keys. It features a formidable 20mm bolt throw for enhanced resistance against forced entry, alongside hardened steel plates on the lock case to resist drilling and laminated hardened steel plates in the bolt to defend against hacksawing.

To suit your specific installation and aesthetic requirements, this deadlock is available in multiple configurations. Please choose from the options below to select your preferred backset (44mm or 56mm, with corresponding case depths of 64mm or 76mm) and finish (Polished Brass, Polished Chrome, or Satin Chrome).

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
