Specification Summary

Brand	ERA
Product type	Cylinder - Euro

Product Description

The ERA Fortress Euro Sashcase is a high-security mortice lock case designed to accept a standard euro profile cylinder. Supplied as a lock case only (without a cylinder), it is the perfect choice for integration into master key systems, keyed-alike suites, or projects where you wish to select your own cylinder security level.

Constructed with robust physical security features, the lock case is protected by hardened steel plates to resist drilling, while the deadbolt features laminated hardened steel plates to prevent hacksawing. A substantial 20mm bolt throw provides exceptional resistance against forced entry.

This versatile sashcase is available in multiple backsets (44mm or 56mm) and case depths (63mm or 76mm) to suit various door installations. It also comes in a choice of high-quality finishes, including Polished Brass, Polished Chrome, and Satin Chrome, to match your existing door hardware. Please choose your preferred backset, case depth, and finish from the options below.

Technical Specifications

- **Brand:** ERA
- **Locking Mechanism:** Euro Cylinder (not included)

- **Centres:** 48mm
- **Spindle:** 8mm
- **Case Height:** 109mm
- **Case Finish:** Red
- **Forend Length:** 162mm
- **Forend Width:** 26mm
- **Backset:** 44mm or 56mm (please choose from the options below)
- **Case Depth:** 63mm or 76mm (please choose from the options below)
- **Finish:** Polished Brass, Polished Chrome, or Satin Chrome (please choose from the options below)
- **Weight:** 740g - 850g (depending on size)

Key Features

- **Drill Resistant:** Hardened steel plates on the lock case resist drilling attacks.
- **Hacksaw Resistant:** Laminated hardened steel plates within the bolt prevent sawing.
- **20mm Bolt Throw:** Provides a high level of security and resistance to forced entry.
- **Cylinder-Free Case:** Supplied without a euro cylinder, making it ideal for master key systems or custom cylinder installations.
- **Multiple Options:** Available in a range of sizes and finishes to suit your door's requirements.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
