Product Description

The ERA 426 13mm Deadlock Rebate Set is designed to allow ERA Fortress mortice deadlocks to be fitted securely to rebated double doors or French doors. By bridging the gap created by rebated door stiles, this rebate kit ensures a flush, professional fit and reliable closing.

This rebate set is non-handed, making it suitable for both left and right-handed door configurations. It is available in multiple finishes, including Polished Brass and Satin Chrome, with weights ranging from 180g to 188g depending on your selection. Please choose your preferred finish, weight, and manufacturer reference from the options below to match your existing door hardware.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
