Specification Summary

Brand	ERA
Product type	Accessory

Product Description

The ERA 429 25mm (1 inch) Sashlock Rebate Set is specifically designed to enable the installation of ERA Fortress mortice sashlocks onto double rebated doors, such as French doors. By providing a secure, flush-fitting housing for both the latch and deadbolt mechanisms, this rebate set ensures that your double doors close securely.

This rebate set is completely non-handed, meaning it can be fitted to either left or right-handed doors. It is available in multiple high-quality finishes, including Polished Brass and Satin Chrome, with weights ranging from 390g to 392g. Please select your preferred finish, weight, barcode, and manufacturer reference from the options below to find the perfect match for your door.

Technical Specifications

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
