Specification Summary

Brand	ERA
Product type	Accessory

Product Description

The ERA 435 25mm Deadlock Rebate Kit (435-51) is a high-quality accessory designed to adapt ERA Pro-Fit and Viscount mortice deadlocks for use on rebated double doors, such as timber French doors. When double doors overlap at the meeting stiles, a standard lock installation cannot function correctly. This rebate kit bridges that gap, compensating for the overlap to ensure seamless and secure bolt engagement.

Constructed for durability and finished in elegant Satin Chrome, this 25mm (1 inch) rebate set provides a clean, flush, and professional finish to your door frame. It is entirely non-handed, making it suitable for installation on either left or right-handed opening doors. Fitting this rebate set is essential to maintain the security and correct closing alignment of your double door setup.

Technical Specifications

- **Brand:** ERA
- **Manufacturer Reference:** 435 51
- **Rebate Size:** 25mm (1 inch)
- **Finish:** Satin Chrome
- **Compatibility:** Suitable for ERA Pro-Fit and Viscount mortice deadlocks
- **Handing:** Non-handed
- **Weight:** 273g
- **Barcode:** 5011988010771

Key Features

- **French Door Compatibility:** Specifically designed to enable secure deadlock installation on rebated double timber doors.
- **Secure Bolt Engagement:** Compensates for overlapping meeting stiles to ensure the lock bolt engages correctly and securely.
- **Non-Handed Design:** Reversible configuration fits both left and right-handed doors, simplifying installation.
- **Professional Finish:** Provides a flush, neat appearance that seamlessly matches Satin Chrome door hardware.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
