Product Description

The ERA 473 & 573 3 Lever Sashlock is a reliable, cost-effective security solution designed for internal doors and low-security external applications such as sheds and outbuildings. Featuring an easily reversible latch bolt, this sashlock is suitable for both left and right-handed doors opening inwards or outwards.

This versatile mortice lock is supplied with two numbered steel keys, offering over 100 key differs for added security. It is available in multiple finishes, including Matt Black, Polished Brass, and Satin Chrome, to match your existing door hardware. You can also choose between a 44mm or 56mm backset (64mm or 75mm case depth) and boxed or carded packaging options. Please select your preferred size, finish, and packaging from the options below.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
