Product Description

The ERA 5-Pin Euro Double Cylinder is a reliable and versatile choice for securing your home or business. Designed to work seamlessly with Euro-profile mortice locks and multi-point locking systems, this cylinder is ideal for replacing existing door locks with minimal disruption to your current fittings.

As a double cylinder, it provides controlled key access from both sides of the door, making it perfect for main entry doors, offices, and other locations where dual-sided security is essential. Manufactured from solid brass, it offers dependable durability and smooth operation.

This cylinder is available in a variety of overall lengths ranging from 60mm to 75mm, with multiple offset sizes (A-side and B-side measurements) to ensure a perfect fit for your door thickness. It is also available in two high-quality finishes: Polished Brass and Satin Chrome. Please select your required size, offset, and finish from the options below.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
