Product Description

The ERA 6-Pin Euro Double Cylinder is a reliable, high-quality locking solution designed to complement cylinder-operated mortice locks and multi-point locking systems. Offering controlled key access from both sides of the door, this double cylinder is ideal for locations requiring secure entry and exit. It is the perfect choice for replacing existing door locks with minimal change to your current fittings.

This versatile cylinder is available in a wide range of overall sizes from 35/35 to 50/60 (with body lengths ranging from 70mm to 110mm) and in two classic finishes: Polished Brass and Satin Chrome. Please select your required size, offset, and finish from the options below to find the perfect fit for your door.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
