Specification Summary

Brand	ERA
Product type	Rim Cylinders

Product Description

The ERA 863 5-Pin Rim Cylinder is a reliable replacement cylinder designed to fit most standard front door nightlatches. Whether you are upgrading your home security or replacing a worn-out lock, this cylinder offers a straightforward, cost-effective solution with minimal modification required to your existing door fittings.

This versatile rim cylinder is compatible with all ERA front door lock models as well as most other major brands of nightlatches. It features a robust 5-pin mechanism and is supplied complete with three keys.

To suit your door's hardware, this cylinder is available in multiple finishes, including Polished Brass, Polished Chrome, and Satin Chrome. Depending on your selection, it is supplied in Boxed, Display Box, or Visi packaging, with weights ranging from 130g to 155g. Please choose your preferred finish, packaging type, weight, barcode, and manufacturer reference from the options below.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
