Specification Summary

Brand	ERA
Product type	Budget Locks

Product Description

The ERA Budget Lock Accessories range provides the essential components to operate, secure, and finish your budget lock installation. Designed for use with ERA budget locks, this selection of high-quality accessories includes T-keys, escutcheons, and strike plates.

Depending on your requirements, you can select from the following options:

- **T-Key (Part 729):** A robust T-bar key (11.5cm) designed to operate all standard rim budget locks.
- **Escutcheons (Parts 731 & L4769):** Flat escutcheons (62mm x 21mm) that provide a neat finish to the keyhole aperture, protecting the door surface and guiding the key. Available in Zinc Plated or Polished Brass.
- **Flat Strike Plate (Part 732):** A zinc-plated flat strike plate (79mm x 16mm) to securely receive the lock bolt in the door frame.

Please select your required accessory, finish, and size from the options below.

Technical Specifications

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
