Specification Summary

Brand	ERA
Product type	Open Shackle

Product Description

The ERA Solid Brass Padlock is a highly reliable security solution designed to protect your valuables. Featuring a robust solid brass body and a hardened steel shackle, this padlock offers strong resistance against saw and bolt-cutter attacks. It is equipped with a bump and drill resistant cylinder, alongside a double lever locking mechanism for enhanced security.

Perfect for securing lockers, cupboards, toolboxes, and gates, this padlock is available in both single and twin pack options. Depending on your choice, it is supplied with either 2 or 4 keys. Please select your preferred pack size, key quantity, and manufacturer reference from the options below.

Brand Profile

ERA

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a "home security expert" that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware**, **window hardware**, **smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
