Is Cylinder

Product Description

The Eurospec MP10 Euro Double Cylinder is a high-security 10-pin cylinder system designed to offer exceptional protection for domestic, commercial, and industrial doors. Providing key operation from both sides, this double cylinder features robust security measures, including anti-drill, anti-pick, and anti-bump protection.

Approved by the UK police flagship initiative, Secured by Design, and fully tested to BS EN 1303, the MP10 range delivers reliable mid-level security. It features a restricted key profile to prevent unauthorised key duplication, with blanks only available through approved distributors. The cylinder is also fire door rated (FD30/FD60) and comes with a 5-year mechanical guarantee.

Available in a wide range of overall lengths, offset sizes, and high-quality architectural finishes - including Polished Chrome, Satin Chrome, Polished Brass, and Black - you can select the perfect size and finish to match your door hardware from the options below.

Technical Specifications

- **Cylinder Type:** Euro Double Cylinder (key operation from both sides)
- **Pin System:** High-security 10-pin mechanism
- **Security Standards:** Tested to BS EN 1303, Secured by Design (SBD) approved

- **Fire Rating:** Suitable for FD30 and FD60 fire doors
- **Key Security:** Restricted key section with over 2 million key differs
- **Keys Supplied:** 3 keys per cylinder (standard keyed to differ)
- **Finishes:** Polished Chrome (PC), Satin Chrome (SC), Polished Brass (PB), and Black (BK)
- **Sizes:** Available in various equal and offset sizes (please choose from the options below)
- **Guarantee:** 5-year mechanical guarantee

Key Features

- **High-Security Design:** Features built-in anti-drill, anti-pick, and anti-bump protection to resist forced entry methods.
- **Secured by Design:** Police Preferred Specification status ensures peace of mind and reliable performance.
- **Restricted Key Profile:** Prevents unauthorised key copying, with blanks restricted to approved distributors.
- **Versatile Application:** Ideal for domestic, commercial, and industrial use on timber, PVCu, and metal doors.
- **Aesthetic Finishes:** Available in multiple architectural finishes to seamlessly complement your existing door furniture.

Brand Profile

Eurospec

Eurospec is the **commercial / project-grade architectural hardware** brand within **Carlisle Brass**, aimed at environments where **testing, compliance, and durability** matter more than vibes. In practice, Eurospec is the "spec it for schools/hospitals/offices and stop thinking about it" range: stainless steel levers, hinges, locks/latches, cylinders, panic/emergency exit hardware, and the rest of the door set ecosystem.

What Eurospec is known for is being **standards-led**. Product lines are commonly marketed with **CE marking**, **fire door suitability (e.g., FD30/FD60 where applicable)** and testing to relevant European standards like **BS EN 1935** for hinges (you'll see Grade 13/7 etc. in listings, with stated door weight ratings).

Range-wise, Eurospec is deliberately broad, covering:

- **Hinges** (including ball-bearing and fire-rated variants)
- **Locks, latches, deadlocks**
- **Door furniture** (lever handles on rose/backplate, pull handles)
- **Window hardware and other commercial ironmongery staples**
