Product Description

The Eurospec MP10 Oval Thumb Turn Cylinder is a high-security 10-pin cylinder designed for UK oval-profile doors. Ideal for domestic, commercial, and industrial applications, this cylinder offers key operation on the outside and a convenient thumb turn on the inside for easy, keyless egress.

Engineered to withstand common forced entry methods, the MP10 features robust anti-drill, anti-pick, and anti-bump protection. It is certified to BS EN 1303 standards and is fire door rated, making it a reliable choice for fire-resistant doors.

This cylinder is available in multiple sizes (including 64mm, 70mm, and 80mm) and high-quality finishes such as Polished Brass, Polished Chrome, and Satin Chrome. Please choose your required size and finish from the options below. It can also be keyed alike or integrated into a master key system for custom security setups.

Technical Specifications

- **Profile:** UK Oval
- **Cylinder Type:** Key and Turn (Thumb Turn)
- **Pin System:** 10-pin high-security mechanism
- **Standards:** Certified to BS EN 1303

Brand Profile

Eurospec

Eurospec is the **commercial / project-grade architectural hardware** brand within **Carlisle Brass**, aimed at environments where **testing, compliance, and durability** matter more than vibes. In practice, Eurospec is the "spec it for schools/hospitals/offices and stop thinking about it" range: stainless steel levers, hinges, locks/latches, cylinders, panic/emergency exit hardware, and the rest of the door set ecosystem.

What Eurospec is known for is being **standards-led**. Product lines are commonly marketed with **CE marking**, **fire door suitability (e.g., FD30/FD60 where applicable)** and testing to relevant European standards like **BS EN 1935** for hinges (you'll see Grade 13/7 etc. in listings, with stated door weight ratings).

Range-wise, Eurospec is deliberately broad, covering:

- **Hinges** (including ball-bearing and fire-rated variants)
- **Locks, latches, deadlocks**
- **Door furniture** (lever handles on rose/backplate, pull handles)
- **Window hardware and other commercial ironmongery staples**
