Specification Summary

Brand	Eurospec
Product type	Half Oval
Keyway	Eurospec

Product Description

The Eurospec MP10 UK Half Oval cylinder is a high-security lock cylinder designed for UK oval-profile doors. Offering a robust security solution, this half oval (single) cylinder is suitable for domestic, commercial, and industrial applications.

Engineered with a 10-pin mechanism - comprising 6 main security pins and 4 unique side pins - the MP10 provides exceptional resistance against picking, drilling, and bumping. It features stainless steel hardened inserts for anti-drill protection and is certified to BS EN 1303 standards. Additionally, it is fire door rated, making it a versatile choice for properties requiring both safety and security.

This cylinder is available in multiple sizes and finishes, including Polished Brass and Satin Chrome. Please select your required size and finish from the options below.

Technical Specifications

- **Profile:** UK Half Oval (Single Cylinder)
- **Mechanism:** 10-pin security system (6 main pins, 4 side pins)
- **Certification:** Certified to BS EN 1303
- **Fire Rating:** FD30 / FD60 fire door rated
- **Sizes Available:** 42mm and 46mm (please select below)
- **Finishes Available:** Polished Brass (PB) and Satin Chrome (SC) (please select below)
- **Keys Supplied:** 3 hardwearing silver nickel keys as standard

Key Features

- **High Security:** 10-pin configuration offers enhanced protection against unauthorized entry.
- **Anti-Drill Protection:** Equipped with hardened stainless steel inserts to resist drilling attacks.
- **Anti-Pick & Anti-Bump:** Features specialized pins and a unique keyway to frustrate picking and bumping attempts.
- **Fire Rated Safety:** Suitable for use on FD30 and FD60 fire doors.
- **Durable Keys:** Supplied with three long-lasting silver nickel keys.

- **Versatile Finishes:** Available in Polished Brass and Satin Chrome to match existing door hardware.

Brand Profile

Eurospec

Eurospec is the **commercial / project-grade architectural hardware** brand within **Carlisle Brass**, aimed at environments where **testing, compliance, and durability** matter more than vibes. In practice, Eurospec is the "spec it for schools/hospitals/offices and stop thinking about it" range: stainless steel levers, hinges, locks/latches, cylinders, panic/emergency exit hardware, and the rest of the door set ecosystem.

What Eurospec is known for is being **standards-led**. Product lines are commonly marketed with **CE marking**, **fire door suitability (e.g., FD30/FD60 where applicable)** and testing to relevant European standards like **BS EN 1935** for hinges (you'll see Grade 13/7 etc. in listings, with stated door weight ratings).

Range-wise, Eurospec is deliberately broad, covering:

- **Hinges** (including ball-bearing and fire-rated variants)
- **Locks, latches, deadlocks**
- **Door furniture** (lever handles on rose/backplate, pull handles)
- **Window hardware and other commercial ironmongery staples**
