Brand	Evva
Product type	Double Euro

TAGS

Is Cylinder

Product Description

The EVVA A5 DZ Off-Set Euro Double Cylinder is a robust and reliable 5-pin locking solution designed to provide dependable security for a wide variety of doors. As part of the established EVVA A5 system, this double euro cylinder offers a high level of durability and performance, making it an excellent choice for both residential and commercial applications.

This offset (asymmetrical) cylinder is available in a comprehensive range of sizes to suit different door thicknesses, with internal (A side) options ranging from 31mm to 46mm, and external (B side) options ranging from 36mm to 71mm. It is also offered in two classic finishes: Nickel Plated and Polished Brass. Please choose your required size and finish from the options below to ensure a perfect fit.

Each cylinder is supplied with three keys as standard and features an unrestricted key profile, allowing for easy key duplication. It is fire-tested to Grade 0 (offering up to 30 minutes of fire resistance), providing peace of mind in emergency situations. Additionally, our in-house team can provide custom key cutting and master keying (MK) services to meet your specific security requirements.

Technical Specifications

- **Brand:** Evva
- **Cylinder System:** Evva A5
- **Cylinder Type:** Double Euro (DZ)
- **Profile:** Euro
- **Mechanism:** 5 Pin
- **Internal (A Side) Options:** 31mm to 46mm (please choose from the options below)
- **External (B Side) Options:** 36mm to 71mm (please choose from the options below)
- **Overall Lengths:** 67mm to 112mm (please choose from the options below)
- **Finishes:** Nickel Plated or Polished Brass (please choose from the options below)
- **Keying:** Keyed to Differ (standard) with in-house master keying (MK) available
- **Keys Supplied:** 3 keys
- **Fire Rating:** Grade 0 (tested for up to 30 minutes fire resistance)

Key Features

- **Robust 5-Pin Mechanism:** Provides reliable, everyday security for residential and commercial doors.
- **Asymmetrical Off-Set Design:** Available in a wide variety of offset sizes to perfectly match your door's thickness.
- **Unrestricted Key Profile:** Allows for straightforward, hassle-free key duplication.
- **Fire Tested:** Grade 0 rated, offering up to 30 minutes of fire resistance for added safety.
- **In-House Services:** Key cutting and master keying (MK) can be completed in-house by our expert team.
- **Premium Finishes:** Choose between Polished Brass or Nickel Plated to complement your existing door hardware.

Brand Profile

Evva

EVVA is an Austrian, **family-owned** security manufacturer based in **Vienna**, specialising in high-end **mechanical and electronic locking systems** for everything from homes to large, complex master-keyed organisations. The company was **founded in Vienna in 1919**, and it still runs **research, development, and production** from its Vienna headquarters, exporting globally.

In the trade/spec world, EVVA's reputation is built on **serious key control** and **master key system engineering**—locks designed not just to resist attack, but to keep access hierarchies manageable at scale (offices, hospitals, residential complexes, universities, etc.).

A couple of EVVA's standout mechanical platforms get referenced constantly:

- **ICS (Inner Code System)** – a reversible key system aimed at **highly complex master key structures**, with EVVA citing long patent protection (into the 2030s, depending on jurisdiction).
- **MCS (Magnetic Code System)** – EVVA positions this as a top-tier system for sophisticated master keying, with a strong anti-copying story (including resistance to modern replication methods).

They also explicitly brand themselves around innovation: EVVA talks about holding **200+ patents** and frames its history as "start-up energy since 1919" (which is an absolutely deranged sentence for a century-old lock company, but I respect the audacity).
