Is Cylinder

Product Description

The EVVA EPSnp DZ Euro Double Cylinder is a high-security mechanical locking solution offering exceptional convenience, manageability, and protection. This TS007 3-star rated cylinder features a robust 6-pin mechanism and is patent-protected until 2041, providing long-term legal and technical protection against unauthorised key copying.

Supplied keyed to differ on our secure in-house section, each cylinder comes complete with 3 keys. It is highly resistant to common attack methods, including bumping, drilling, and picking, and is fire-tested to Grade B (BS EN 1634) for peace of mind.

This cylinder is available in a range of overall sizes (from 41/36 to 51/51) and body lengths (from 77mm to 102mm). Please select your required A-side and B-side measurements from the options below to find the perfect fit for your door.

Additionally, the EVVA EPS system can accommodate a variety of optional special features for bespoke requirements, including SOS clutch cams (anti-barricade), cog wheel cams, and sea water protection.

Technical Specifications

- **Cylinder Profile:** Euro
- **Cylinder Type:** Double Euro
- **Cylinder System:** EVVA EPSnp
- **Mechanism:** 6 Pin
- **Finish:** Nickel Plated
- **Keying:** Keyed to differ (supplied with 3 keys)
- **Security Standards:** TS 007:2015 - 3 Star, BS EN 1303:2005, Secured by Design, BS EN 1634 (Grade B Fire Tested)
- **Sizes Available:** Overall sizes from 41/36 to 51/51 (body lengths 77mm to 102mm) - please select from the options below

Key Features

- **TS007 3-Star Rated:** Meets high security standards for ultimate protection against forced entry
- **Patent Protected Until 2041:** Ensures legal and technical protection against unauthorised key duplication
- **High Attack Resistance:** Built to resist picking, drilling, and bumping attempts
- **Supplied with 3 Keys:** Keyed to differ on our secure in-house section
- **Fire Tested:** Grade B (BS EN 1634) approval for fire door suitability
- **Multiple Size Options:** Available in various lengths and offsets to suit your specific door requirements (please choose below)

Brand Profile

Evva

EVVA is an Austrian, **family-owned** security manufacturer based in **Vienna**, specialising in high-end **mechanical and electronic locking systems** for everything from homes to large, complex master-keyed organisations. The company was **founded in Vienna in 1919**, and it still runs **research, development, and production** from its Vienna headquarters, exporting globally.

In the trade/spec world, EVVA's reputation is built on **serious key control** and **master key system engineering**—locks designed not just to resist attack, but to keep access hierarchies manageable at scale (offices, hospitals, residential complexes, universities, etc.).

A couple of EVVA's standout mechanical platforms get referenced constantly:

- **ICS (Inner Code System)** – a reversible key system aimed at **highly complex master key structures**, with EVVA citing long patent protection (into the 2030s, depending on jurisdiction).
- **MCS (Magnetic Code System)** – EVVA positions this as a top-tier system for sophisticated master keying, with a strong anti-copying story (including resistance to modern replication methods).

They also explicitly brand themselves around innovation: EVVA talks about holding **200+ patents** and frames its history as "start-up energy since 1919" (which is an absolutely deranged sentence for a century-old lock company, but I respect the audacity).
