Specification Summary

Brand	Evva
Product type	Double Euro

Product Description

The EVVA EPSnp Keyed Alike Pair DZ Euro Double Cylinder is a high-security locking solution designed to provide exceptional protection and convenience. Supplied as a keyed-alike pair, this set allows you to operate both cylinders with the same key, making it ideal for securing multiple entry points like front and rear doors. The set comes complete with 6 keys.

With patent protection until 2041, the EPSnp system offers legal and technical mechanisms to prevent unauthorised key duplication. These cylinders are TS007 3-star rated and BSI Kitemarked, ensuring top-tier defence against common attack methods, including bumping, drilling, and picking.

A range of sizes is available to suit different door thicknesses, with overall cylinder sizes from 41/36 to 51/51 and body lengths ranging from 77mm to 102mm. Please select your required size options from the dropdown menus below.

Additionally, a variety of optional special features can be requested to suit specific applications, including SOS clutch cams (anti-barricade), cog wheel cams, and sea water protection.

Technical Specifications

- **Cylinder Profile:** Euro
- **Cylinder Type:** Double Euro
- **Keying:** Keyed Alike Pair
- **Keys Supplied:** 6 keys per pair
- **Mechanism:** 6 Pin
- **Standards:** TS 007:2015 - 3 Star, BS EN 1303:2005, BS EN 1634 (Fire Tested Grade B)
- **Finish:** Nickel Plated
- **Sizes Available:** Overall sizes from 41/36 to 51/51 (body lengths 77mm to 102mm) - please select below

Key Features

- **Keyed Alike Convenience:** Supplied as a pair of cylinders operating on the same key to reduce key clutter.
- **TS007 3-Star Security:** BSI Kitemarked to meet the highest security standards for peace of mind.
- **Patent Protected:** Key system is patent protected until 2041, preventing unauthorised key copying.
- **Attack Resistant:** Highly resistant to picking, drilling, and bumping.
- **Fire Tested:** Grade B fire tested to BS EN 1634 standards.
- **Customisable Options:** Compatible with a wide range of optional special features, such as SOS clutch cams, classroom functions, and sea water protection.

Brand Profile

Evva

EVVA is an Austrian, **family-owned** security manufacturer based in **Vienna**, specialising in high-end **mechanical and electronic locking systems** for everything from homes to large, complex master-keyed organisations. The company was **founded in Vienna in 1919**, and it still runs **research, development, and production** from its Vienna headquarters, exporting globally.

In the trade/spec world, EVVA's reputation is built on **serious key control** and **master key system engineering**—locks designed not just to resist attack, but to keep access hierarchies manageable at scale (offices, hospitals, residential complexes, universities, etc.).

A couple of EVVA's standout mechanical platforms get referenced constantly:

- **ICS (Inner Code System)** – a reversible key system aimed at **highly complex master key structures**, with EVVA citing long patent protection (into the 2030s, depending on jurisdiction).
- **MCS (Magnetic Code System)** – EVVA positions this as a top-tier system for sophisticated master keying, with a strong anti-copying story (including resistance to modern replication methods).

They also explicitly brand themselves around innovation: EVVA talks about holding **200+ patents** and frames its history as "start-up energy since 1919" (which is an absolutely deranged sentence for a century-old lock company, but I respect the audacity).
