Is Cylinder

Product Description

The EVVA ICS DZ Euro Double Cylinder is a high-security, TS007 3-star rated locking solution designed to offer maximum protection against common attack methods. Supplied keyed to differ on our secure in-house section, this standard euro profile cylinder is ideal for both residential and commercial applications, including complex master key systems.

Featuring EVVA's patented and durable ICS (Internal Code System) reversible key technology, it provides exceptional legal and technical key protection to prevent unauthorised key copying. The robust 10-pin mechanism ensures high-level picking and manipulation resistance.

This cylinder is available in multiple overall sizes ranging from 36/36 to 51/51, with overall body lengths from 72mm to 102mm. Please select your required A Side and B Side dimensions from the options below to ensure the perfect fit for your door.

Technical Specifications

- **Brand:** Evva
- **Cylinder Profile:** Euro
- **Cylinder Type:** Double Cylinder
- **Security Rating:** TS007 3-Star (BSI Kitemarked)
- **Standards:** BS EN 1303:2005, BS EN 1634 (Fire Tested Grade B)
- **Mechanism:** 10-Pin
- **Keying:** Keyed to Differ
- **Keys Supplied:** 3
- **Finish:** Nickel Plated
- **Body Length:** 72mm to 102mm (choose from options below)
- **A Side / B Side Sizes:** 36mm to 51mm (choose from options below)
- **Weight:** 268g to 362g (depending on size)

Key Features

- **TS007 3-Star Security:** BSI Kitemarked to provide maximum resistance against snapping, bumping, picking, and physical attacks.
- **Patented ICS Technology:** Reversible key system with legal and technical protection against unauthorised key copying.
- **Supplied with 3 Keys:** Includes three high-security keys cut on our secure in-house section.
- **Fire Tested:** Grade B fire-tested to BS EN 1634 standards.
- **Ideal for Master Keying:** High keying potential allows for complex master key systems that can be planned and extended.
- **Flexible Sizing:** Available in a range of sizes and offsets to suit different door thicknesses.

Brand Profile

Evva

EVVA is an Austrian, **family-owned** security manufacturer based in **Vienna**, specialising in high-end **mechanical and electronic locking systems** for everything from homes to large, complex master-keyed organisations. The company was **founded in Vienna in 1919**, and it still runs **research, development, and production** from its Vienna headquarters, exporting globally.

In the trade/spec world, EVVA's reputation is built on **serious key control** and **master key system engineering**—locks designed not just to resist attack, but to keep access hierarchies manageable at scale (offices, hospitals, residential complexes, universities, etc.).

A couple of EVVA's standout mechanical platforms get referenced constantly:

- **ICS (Inner Code System)** – a reversible key system aimed at **highly complex master key structures**, with EVVA citing long patent protection (into the 2030s, depending on jurisdiction).
- **MCS (Magnetic Code System)** – EVVA positions this as a top-tier system for sophisticated master keying, with a strong anti-copying story (including resistance to modern replication methods).

They also explicitly brand themselves around innovation: EVVA talks about holding **200+ patents** and frames its history as "start-up energy since 1919" (which is an absolutely deranged sentence for a century-old lock company, but I respect the audacity).
