Specification Summary

Brand	Evva
Product type	Double Euro

Product Description

The **EVVA ICS Keyed Alike Pair DZ Double Euro Cylinder** set offers premium security and convenience for your home or business. This high-performance pair of double euro cylinders is supplied keyed alike, meaning both locks operate seamlessly using the same key. The package comes complete with 6 keys and a connecting screw, providing an immediate, high-security solution for multi-door setups.

Featuring EVVA's patented ICS (Inner Code System) reversible key technology, this system offers legal and technical protection against unauthorised key copying. The robust 10-pin mechanism provides outstanding resistance against picking, scanning, and drilling attacks. With a TS007 3-star rating and BSI Kitemark certification, these cylinders deliver maximum peace of mind.

These cylinders are available in a range of sizes to suit your specific door requirements. Overall cylinder sizes range from 36/36 to 51/51, with body lengths from 72mm to 102mm. Please select your required A-side and B-side measurements from the options below to ensure a perfect fit.

Technical Specifications

- **Brand:** Evva
- **Cylinder Profile:** Euro
- **Cylinder Type:** Double Euro
- **System:** EVVA ICS (Inner Code System)
- **Mechanism:** 10-pin
- **Finish:** Nickel Plated
- **Keying:** Keyed Alike Pair
- **Keys Supplied:** 6 keys in total
- **Overall Cylinder Sizes:** 36/36 to 51/51 (Please choose from the options below)
- **Body Lengths:** 72mm to 102mm (Please choose from the options below)
- **Standards & Certifications:** TS 007:2015 3-Star, BS EN 1303:2005, Fire Tested to Grade B (BS EN 1634)

Key Features

- **Keyed Alike Convenience:** Supplied as a pair of cylinders operating under the same set of keys, ideal for multi-door security.
- **TS007 3-Star Security:** Meets the highest UK security standards for maximum protection against forced entry.
- **BSI Kitemarked:** Certified to guarantee quality, safety, and reliable performance.
- **Patented Key Protection:** Reversible key system with legal and technical protection against unauthorised key duplication.
- **High-Security Mechanism:** 10-pin system offers excellent resistance to picking, drilling, and scanning.
- **Versatile Sizing:** Available in multiple A-side and B-side options to fit a wide variety of door thicknesses.

Brand Profile

Evva

EVVA is an Austrian, **family-owned** security manufacturer based in **Vienna**, specialising in high-end **mechanical and electronic locking systems** for everything from homes to large, complex master-keyed organisations. The company was **founded in Vienna in 1919**, and it still runs **research, development, and production** from its Vienna headquarters, exporting globally.

In the trade/spec world, EVVA's reputation is built on **serious key control** and **master key system engineering**—locks designed not just to resist attack, but to keep access hierarchies manageable at scale (offices, hospitals, residential complexes, universities, etc.).

A couple of EVVA's standout mechanical platforms get referenced constantly:

- **ICS (Inner Code System)** – a reversible key system aimed at **highly complex master key structures**, with EVVA citing long patent protection (into the 2030s, depending on jurisdiction).
- **MCS (Magnetic Code System)** – EVVA positions this as a top-tier system for sophisticated master keying, with a strong anti-copying story (including resistance to modern replication methods).

They also explicitly brand themselves around innovation: EVVA talks about holding **200+ patents** and frames its history as "start-up energy since 1919" (which is an absolutely deranged sentence for a century-old lock company, but I respect the audacity).
