Specification Summary

Brand	Frank Allart
Product type	Flush Bolts

Product Description

The Frank Allart 5640 is a premium lever action flush bolt designed for edge or face fitting into the first closing leaf of a double door set. Crafted from high-quality anodised aluminium, this flush bolt provides a secure and reliable locking solution. It features a smooth lever action and high-quality coil springing for effortless operation and long-lasting performance.

Each bolt is supplied complete with a fixing pack, including a matching strike plate and all necessary screws for a straightforward installation. The bolt has a robust 11mm diameter shoot with a 16mm length of throw, ensuring a

strong and dependable hold when engaged.

This flush bolt is available in multiple lengths (15.2cm and 20.3cm) with weights ranging from 86g to 108g to suit your specific door requirements. Please choose your preferred length, weight, and barcode option from the selection below.

Brand Profile

Frank Allart

Frank Allart (Frank Allart & Company Ltd) is a heritage British manufacturer of **fine architectural hardware**—the posh end of **door, window and cabinet furniture** where the finish quality and the "feel" in-hand actually matter. The business began in **1914**, when **George Allart** started the company from a small workshop in **Birmingham**, and it has grown into a globally recognised name for traditionally crafted and design-led ironmongery.

Frank Allart is strongly associated with **British-made brassware and decorative hardware**, offering extensive ranges of **door knobs and levers, pull handles, cabinet knobs and pulls, flush pulls, bolts, knockers, stops**, and related fittings across a wide spread of styles and finishes.

On the corporate/history side, the company notes that after **62 years** in Allart family ownership it became part of the **Armac Brassfounders Group**, with investment following to support the business and workforce.
