Specification Summary

Brand	Geze
Product type	Overhead

Product Description

The GEZE TS1500 is a reliable overhead door closer designed for single-leaf internal doors. This surface-mounted, rack-and-pinion closer is fully reversible, making it suitable for both left and right-handed doors without the need for conversion. It is designed for doors with a maximum leaf width of 1100mm and a maximum weight of 60kg.

Featuring a template-adjustable closing force of EN size 3 to 4, the TS1500 allows you to easily set the closing power to suit your door's requirements. It also offers fully adjustable hydraulic closing speed and latch action (end stop) to ensure a smooth, controlled close every time.

This door closer is available in a choice of finishes, including Polished Brass, Satin Stainless Steel, and Silver, with varying manufacturer references, barcodes, and standards (such as BS EN 1154, BS EN 1634-1, CE Marking, and Certifire approval) depending on the model. Please select your preferred finish and options from the list below.

Technical Specifications

- **Brand:** Geze
- **Strength Size:** EN 3 to 4 (template adjusted)
- **Max Door Width:** 1100mm
- **Max Door Weight:** 60kg
- **Dimensions:** 177mm (W) x 50mm (H) x 39mm (D)
- **Handing:** Reversible (suitable for left or right-mounted doors)
- **Adjustable Closing Speed:** Yes
- **Adjustable Latch Action:** Yes
- **Backcheck:** No
- **Finishes:** Silver, Polished Brass, or Satin Stainless Steel (please choose from the options below)
- **Standards:** BS EN 1154, BS EN 1634-1, CE Marked, Certifire (varies by variant; please choose from the options below)

Brand Profile

Geze

GEZE is a German, **family-owned** global manufacturer of **door, window, and safety technology**, best known in the trade for **door closers**, **automatic door systems** (sliding/swing/revolving), **window drives**, and **smoke & heat extraction (SHEV)** solutions used in modern building safety and automation.

Founded in **1863**, GEZE remains independently owned and headquartered in **Leonberg**, near Stuttgart - one of the reasons it's often described as a "proper engineering company" rather than a brand label slapped on a catalogue.

In practical terms, GEZE lives in the space where **comfort meets compliance**:

- **Door closing**: from standard overhead closers to integrated systems for higher-spec doors and fire/smoke applications.
- **Automatic entrances**: operators for swing and sliding doors used in public buildings, retail, airports, offices—accessibility and flow without sacrificing safety.
- **Safety + building automation**: electrically operated window systems for **natural ventilation** and for **smoke and heat extraction** in a fire, plus increasing emphasis on digital networking of doors/windows in "smart building" setups.

Scale-wise, GEZE states it has **3,000+ employees worldwide**, **37 subsidiaries**, and reported **€507m+ turnover (FY 2022/23) -** big enough to be everywhere, still small enough to feel focused.
