Specification Summary

Brand	Geze
Product type	Floor

Product Description

The GEZE TS500 Cover Plate is a high-quality, hard-wearing protective cover designed specifically to suit GEZE TS 500 series floor springs, including the TS 500 N and TS 500 NV models. It provides a neat, professional, and stylish finish to your floor spring installation, while helping to extend the lifespan of the door closer by protecting the internal mechanism from dust, dirt, and foot traffic.

This cover plate is non-handed, making it suitable for both left and right-hand single-action doors, as well as double-action doors. It is supplied complete with the necessary fixing screws for a quick and straightforward installation.

Available in a choice of two durable finishes - Polished Brass or Stainless Steel - this cover plate allows you to match your existing door hardware seamlessly. Please select your preferred finish, weight, and manufacturer reference from the options below.

Brand Profile

Geze

GEZE is a German, **family-owned** global manufacturer of **door, window, and safety technology**, best known in the trade for **door closers**, **automatic door systems** (sliding/swing/revolving), **window drives**, and **smoke & heat extraction (SHEV)** solutions used in modern building safety and automation.

Founded in **1863**, GEZE remains independently owned and headquartered in **Leonberg**, near Stuttgart - one of the reasons it's often described as a "proper engineering company" rather than a brand label slapped on a catalogue.

In practical terms, GEZE lives in the space where **comfort meets compliance**:

- **Door closing**: from standard overhead closers to integrated systems for higher-spec doors and fire/smoke applications.
- **Automatic entrances**: operators for swing and sliding doors used in public buildings, retail, airports, offices—accessibility and flow without sacrificing safety.
- **Safety + building automation**: electrically operated window systems for **natural ventilation** and for **smoke and heat extraction** in a fire, plus increasing emphasis on digital networking of doors/windows in "smart building" setups.

Scale-wise, GEZE states it has **3,000+ employees worldwide**, **37 subsidiaries**, and reported **€507m+ turnover (FY 2022/23) -** big enough to be everywhere, still small enough to feel focused.
