Product type	Accessory

Product Description

The Glendenning Emergency Key Box is a highly visible and reliable emergency key storage solution, ideal for installation near fire exits, restricted doors, and commercial properties. This break-glass key holder ensures that vital keys are kept secure under normal conditions, yet remain quickly accessible in the event of an emergency.

Finished in a bright, easily visible red, the box is designed to be quickly located during high-stress situations. The front glass features clear, white "Break Glass For Key" text to provide immediate, unambiguous instructions to users. For convenience and longevity, replacement glass panels are available separately, allowing the unit to be easily reset and reused after an emergency.
