### Product Description

The Glendenning Spare Glass is a genuine replacement glass pane designed specifically to fit the Glendenning Emergency Key Box. When an emergency occurs and the key box glass is broken to gain access, this replacement glass allows you to quickly and easily restore the unit to full working order, maintaining your building's safety and security protocols.

This replacement glass features the highly visible, white "Break Glass For Key" text printed directly on the surface, ensuring clear and immediate instructions are visible in an emergency. It is supplied individually and boxed to ensure it arrives safely and undamaged.
