Specification Summary

Brand	ICS
Product type	ICS

Product Description

The ICS 01EXTP Extended Top Plate is a high-quality accessory designed specifically for surface-mounted mini (slim) magnetic locks. It provides an extended mounting surface, making it an ideal solution for outward-opening doors where standard mounting plates do not offer adequate alignment or coverage.

Crafted from robust aluminium with a professional satin anodised finish, this top plate ensures a clean, cohesive look that blends seamlessly with existing door hardware. With a slim 5mm depth and a 250mm width, it offers a reliable and sturdy base to support your access control system. Suitable for internal applications, this plate is a practical choice for installers looking to achieve a secure and precise maglock installation.

Technical Specifications

- **Brand:** ICS
- **Manufacturer Reference:** 01EXTP
- **Finish:** Satin Anodised Aluminium
- **Fitting:** Surface Mount
- **Handedness:** Outward Opening
- **Width:** 250mm (25cm)

- **Depth:** 5mm
- **Height:** 46mm
- **Weight:** 100g
- **Guarantee:** 1 Year
- **Weather Resistance:** No (suitable for internal use)

Key Features

- **Extended Mounting Solution:** Specifically designed to extend the mounting surface for mini/slim magnetic locks.
- **Satin Anodised Aluminium Finish:** Provides a durable, corrosion-resistant, and professional aesthetic.
- **Outward Opening Compatibility:** Ideal for securing outward-opening doors.
- **Easy Surface Mounting:** Simple to install directly onto the door frame or header.
- **1-Year Guarantee:** Backed by a manufacturer's guarantee for peace of mind.

Brand Profile

ICS

ICS Security (ICS Security Solutions Ltd) is a UK access-control hardware brand and supplier focused on the “nuts and bolts” of electronic door control: **maglocks, electric locks/bolts, strikes, lock releases, and packaged locking kits** designed to make access-control installs cleaner and more reliable. They describe themselves as an access-control specialist founded in **2003**, with **20+ years** in the sector.

They operate from **Blisworth, Northamptonshire** (Units 1–2, JBJ Business Park, Northampton Road, NN7 3DW), supporting trade customers with a range that covers the common building blocks of access control systems.

Product-wise, ICS’s catalogue is very “installer reality”:

- **Magnetic locks** in multiple formats (standard, slimline/transom, stainless, monitored, with door status options), typically running **12–24V DC selectable** and specced by holding force (e.g., 600–1200 lbs and up).
- **Electric locks / bolts and locking kits**, including “compliant lock packages” that bundle the parts needed for controlled entry with free egress, calling out standards like **EN179 / EN1125** in their kit descriptions.
- A broader access-control “system parts” approach: they position the range as covering “all parts of access control systems,” aiming to let installers choose a complete solution from one source.
