Specification Summary

Brand	ICS
Product type	ICS

Product Description

The ICS Safety Strap MAG-55 is designed to provide an additional layer of safety and security for magnetic lock installations. It is specifically engineered to suit ICS slimline (mini) and standard magnets or armatures, helping to prevent the hardware from falling in the event of a fixing failure.

Finished in a clean silver, this durable safety strap is a practical accessory for commercial and residential access control setups. It is available in multiple configurations, including different pack quantities, weights, and manufacturer references. Please choose your preferred options from the selection below to suit your specific

installation requirements.

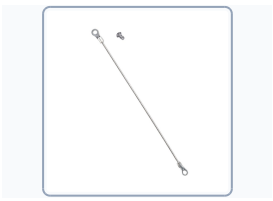

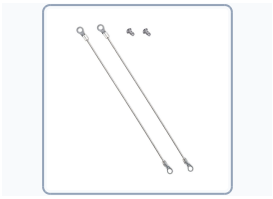

Technical Specifications

- **Brand:** ICS
- **Suits Manufacturer:** ICS
- **Compatibility:** ICS slimline (mini) and standard magnets or armatures
- **Finish:** Silver
- **Manufacturer Reference:** MAG-55 or MAG-55-2 (please choose from the options below)
- **Pack Quantity:** 1 or 1 Pair (please choose from the options below)
- **Weight:** 10g or 20g (please choose from the options below)
- **Barcode:** 5056240129532 or 5056240129549 (please choose from the options below)

Key Features

- **Enhanced Safety:** Provides an extra level of safety for magnetic lock installations, securing magnets and armatures.
- **Versatile Compatibility:** Designed to suit both ICS slimline (mini) and standard magnets or armatures.
- **Flexible Configurations:** Available as a single strap or a pair to match your project needs.
- **Clean Aesthetics:** Finished in silver to blend seamlessly with standard access control hardware.

Brand Profile

ICS

ICS Security (ICS Security Solutions Ltd) is a UK access-control hardware brand and supplier focused on the “nuts and bolts” of electronic door control: **maglocks, electric locks/bolts, strikes, lock releases, and packaged locking kits** designed to make access-control installs cleaner and more reliable. They describe themselves as an access-control specialist founded in **2003**, with **20+ years** in the sector.

They operate from **Blisworth, Northamptonshire** (Units 1–2, JBJ Business Park, Northampton Road, NN7 3DW), supporting trade customers with a range that covers the common building blocks of access control systems.

Product-wise, ICS’s catalogue is very “installer reality”:

- **Magnetic locks** in multiple formats (standard, slimline/transom, stainless, monitored, with door status options), typically running **12–24V DC selectable** and specced by holding force (e.g., 600–1200 lbs and up).
- **Electric locks / bolts and locking kits**, including “compliant lock packages” that bundle the parts needed for controlled entry with free egress, calling out standards like **EN179 / EN1125** in their kit descriptions.
- A broader access-control “system parts” approach: they position the range as covering “all parts of access control systems,” aiming to let installers choose a complete solution from one source.
