Product Description

The ICS U300ZLG is a high-quality glass door saddle designed to fit the ICS Mini Magnet Z&L bracket. This bracket solution is ideal for securing inward-opening frameless glass doors, providing a reliable and robust mounting platform for mini electromagnetic locks.

Manufactured from high-grade aluminium with a professional Satin Anodised Aluminium finish, this bracket offers both durability and an aesthetically pleasing appearance that complements modern office interiors. It ensures a secure installation on glass doors, making it the perfect choice for commercial access control installations.

Technical Specifications

- **Manufacturer Reference:** U300ZLG
- **Material:** Aluminium
- **Finish:** Satin Anodised Aluminium
- **Fitting Suitability:** Glass doors
- **Handing:** Inward opening
- **Z Plate Dimensions:** 160mm x 50mm
- **L Bracket Dimensions:** 250mm x 30mm

- **Depth:** 50mm
- **Width:** 250mm
- **Weight:** 500g
- **Guarantee:** 1 Year

Key Features

- **Tailored Compatibility:** Specifically designed to fit the ICS Mini Magnet Z&L bracket.
- **Inward Opening Solution:** Ideal for securing inward-opening glass doors in access control setups.
- **Durable Construction:** Made from robust aluminium to ensure long-lasting performance.
- **Sleek Aesthetics:** Features a satin anodised finish to blend seamlessly with modern glass door designs.
- **Non-Invasive Mounting:** Securely clamps onto glass doors without requiring drilling or modification.

Brand Profile

ICS

ICS Security (ICS Security Solutions Ltd) is a UK access-control hardware brand and supplier focused on the “nuts and bolts” of electronic door control: **maglocks, electric locks/bolts, strikes, lock releases, and packaged locking kits** designed to make access-control installs cleaner and more reliable. They describe themselves as an access-control specialist founded in **2003**, with **20+ years** in the sector.

They operate from **Blisworth, Northamptonshire** (Units 1–2, JBJ Business Park, Northampton Road, NN7 3DW), supporting trade customers with a range that covers the common building blocks of access control systems.

Product-wise, ICS’s catalogue is very “installer reality”:

- **Magnetic locks** in multiple formats (standard, slimline/transom, stainless, monitored, with door status options), typically running **12–24V DC selectable** and specced by holding force (e.g., 600–1200 lbs and up).
- **Electric locks / bolts and locking kits**, including “compliant lock packages” that bundle the parts needed for controlled entry with free egress, calling out standards like **EN179 / EN1125** in their kit descriptions.
- A broader access-control “system parts” approach: they position the range as covering “all parts of access control systems,” aiming to let installers choose a complete solution from one source.
