Specification Summary

Brand	ICS
Product type	ICS

Product Description

The ICS U500AL Standard Adjustable L Bracket is designed specifically for use with ICS Standard Magnets. This high-quality bracket is the ideal solution for outward-opening door installations where restricted space or limited headroom prevents the magnetic lock from being mounted directly to the head of the door frame.

Constructed from durable aluminium with a professional satin anodised finish, this surface-mounted L bracket provides a secure and stable platform for your electromagnetic lock. It is designed for straightforward installation and adjustment, ensuring precise alignment to maintain optimal holding force.

Please note that this bracket is designed for internal use and is not weather-resistant.

Technical Specifications

- **Manufacturer Reference:** U500AL
- **Brand:** ICS
- **Barcode:** 5055120756929
- **Material:** Aluminium

- **Finish:** Satin Anodised Aluminium
- **Fitting:** Surface mounted
- **Handing:** Outward opening
- **Width:** 26.6cm
- **Depth:** 38mm
- **Weight:** 500g
- **Weather Resistant:** No
- **Pack Quantity:** 1
- **Guarantee:** 1 Year

Key Features

- **Perfect Compatibility:** Specifically designed to fit ICS Standard Magnets.
- **Space-Saving Solution:** Ideal for outward-opening doors with restricted headroom or frame space.
- **Durable Construction:** Made from robust, lightweight aluminium with a clean satin anodised finish.
- **Adjustable Design:** Allows for precise positioning and alignment during installation.

Brand Profile

ICS

ICS Security (ICS Security Solutions Ltd) is a UK access-control hardware brand and supplier focused on the “nuts and bolts” of electronic door control: **maglocks, electric locks/bolts, strikes, lock releases, and packaged locking kits** designed to make access-control installs cleaner and more reliable. They describe themselves as an access-control specialist founded in **2003**, with **20+ years** in the sector.

They operate from **Blisworth, Northamptonshire** (Units 1–2, JBJ Business Park, Northampton Road, NN7 3DW), supporting trade customers with a range that covers the common building blocks of access control systems.

Product-wise, ICS’s catalogue is very “installer reality”:

- **Magnetic locks** in multiple formats (standard, slimline/transom, stainless, monitored, with door status options), typically running **12–24V DC selectable** and specced by holding force (e.g., 600–1200 lbs and up).
- **Electric locks / bolts and locking kits**, including “compliant lock packages” that bundle the parts needed for controlled entry with free egress, calling out standards like **EN179 / EN1125** in their kit descriptions.
- A broader access-control “system parts” approach: they position the range as covering “all parts of access control systems,” aiming to let installers choose a complete solution from one source.
