Specification Summary

Brand	ILS
Product type	Shutter Locks

Product Description

The ILS Espagolet 2000 Centre Shutter Lock is a high-quality, reliable security solution designed specifically for roller shutters. Manufactured by Italian Locking Systems (ILS), this centre-shutting lock provides robust protection for commercial, industrial, or domestic shutter doors.

Featuring a double-throw mechanism, the lock offers a substantial 28mm bolt throw on each side, ensuring a secure and deep engagement when locked. It is supplied with a polished brass cylinder and comes complete with two keys. The lock body measures 200mm in length by 29mm in height, with an unextended overall width of 250mm that extends up to 306mm when fully open.

Technical Specifications

- **Brand:** ILS (Italian Locking Systems)
- **Manufacturer Reference:** ILS.FF.2000-KD
- **Part Number:** L21800
- **Body Length:** 200mm
- **Body Height:** 29mm

- **Screw Centres:** 130mm
- **Bolt Throw:** 28mm each side (Double Throw)
- **Cylinder Finish:** Polished Brass
- **Keys Supplied:** 2
- **Weight:** 650g
- **Barcode:** 5055120736693

Key Features

Brand Profile

ILS

ILS (Italian Locking Systems) is a UK trade security brand best known for **heavy-duty locking products** aimed at two very specific, very real-world sectors: the **roller shutter trade** and the **container hire / site security** world. In other words: if it's metal, outdoors, and someone's trying to defeat it with an angle grinder and bad intentions, ILS is probably in the conversation.

ILS **started trading in 1987**, initially selling roller shutter locks, padlocks and shutter components, and later became affiliated members of the **British Blind and Shutter Association (BBSA)**.

What they're known for

ILS built its name on **roller shutter locking** and the hardware that goes with it:

- **Bullet locks** for roller shutters (common models like the **FDM007-1** round-face style), typically sold with features like **5-pin locking** and key removal only in the locked position.
- **Central shutter locks / espagnolette-style locks** (including "Prefer" variants that accept a **Euro cylinder**, useful when you want to standardise keying).
- Trade channels also position ILS as a major stockist/supplier for **container padlocks, bullet locks, guide locks, ground units**, and related site-security components.
