Specification Summary

Brand	ILS
Product type	Shutter Locks

Product Description

The ILS Prefer Espagolet 2229 Centre Shutter Lock is a reliable security solution designed specifically for roller shutters. Manufactured by Italian Locking Systems (ILS), this robust centre-shutting lock provides dependable protection for commercial and domestic premises alike.

Featuring a durable construction, the lock body measures 156mm in length by 42mm in height, extending to a total length of 185mm when fully thrown. The lock is equipped with a polished brass cylinder, adding a clean, professional finish to its heavy-duty security. It is supplied complete with two keys, allowing you to secure your roller shutters immediately upon installation.

Whether you are replacing an existing shutter lock or installing a new security system, the ILS 2229 offers a straightforward, robust mechanism to keep your property safe.

Brand Profile

ILS

ILS (Italian Locking Systems) is a UK trade security brand best known for **heavy-duty locking products** aimed at two very specific, very real-world sectors: the **roller shutter trade** and the **container hire / site security** world. In other words: if it's metal, outdoors, and someone's trying to defeat it with an angle grinder and bad intentions, ILS is probably in the conversation.

ILS **started trading in 1987**, initially selling roller shutter locks, padlocks and shutter components, and later became affiliated members of the **British Blind and Shutter Association (BBSA)**.

What they're known for

ILS built its name on **roller shutter locking** and the hardware that goes with it:

- **Bullet locks** for roller shutters (common models like the **FDM007-1** round-face style), typically sold with features like **5-pin locking** and key removal only in the locked position.
- **Central shutter locks / espagnolette-style locks** (including "Prefer" variants that accept a **Euro cylinder**, useful when you want to standardise keying).
- Trade channels also position ILS as a major stockist/supplier for **container padlocks, bullet locks, guide locks, ground units**, and related site-security components.
