Specification Summary

Brand	KeySecure
Product type	Key Cabinet

Product Description

The KeySecure KS Euro Cylinder Key Cabinet is a secure, practical, and highly adaptable key storage solution designed for commercial and domestic environments. To offer maximum flexibility and integration with existing security systems, this cabinet is designed to be locked using a 40mm Evva Euro half cylinder (not supplied). This allows you to easily integrate the cabinet into your existing master key suite.

Inside, the cabinet features removable, height-adjustable, clip-in hook bars to easily accommodate different key lengths and bunch sizes. It is supplied with colour-coded numbered key tags that correspond to the hook bars, making key identification quick and efficient. The cabinet is finished with a durable grey powder coating for long-lasting protection.

This cabinet is available in multiple sizes to suit your storage needs, with options offering either 20 or 50 hooks. Please choose your preferred size, capacity, and dimensions from the options below.
