Brand	Keytracker
Product type	Key Cabinet

Product Description

The KEYTRACKER 25 Key System (M25) is a highly efficient, mechanical peg-in, peg-out key management solution designed to provide instant visibility and accountability for your keys. Ideal for car dealerships, workshops, offices, and property management, this system ensures you always know who has which key at any given moment without relying on complex software or power sources.

How It Works

The system operates on a straightforward mechanical principle. Each key or key bunch is securely attached to a white retention peg using the provided anti-tamper flat wire seals. To release a key from the board, an authorised user must insert their personalised, colour-coded access peg into the corresponding port. The access peg remains locked into the board until the key is returned, providing a clear visual record of who is currently in possession of the keys.

This complete kit comes with everything needed to set up a 25-key tracking board, including 25 white retention pegs, 5 different coloured access pegs for staff members, matching numbered port stickers, 30 flat wire anti-tamper seals, and a handy seal cutter.

Technical Specifications

- **Brand:** Keytracker
- **Manufacturer Reference:** M25
- **Barcode:** 5056240119663
- **Capacity:** 25 keys
- **Finish:** Black
- **Weight:** 3.1kg
- **Packaging:** Boxed

Key Features

- **Peg-In, Peg-Out Control:** Simple mechanical tracking system provides instant visual accountability of who has removed each key.
- **No Power Required:** Fully mechanical operation ensures continuous reliability without software, power supplies, or maintenance contracts.
- **Tamper-Evident Security:** Supplied with 30 flat wire anti-tamper seals and a seal cutter to securely lock keys to their retention pegs.
- **Complete Setup Kit:** Includes all necessary pegs, stickers, seals, and tools to get your key management system running immediately.
- **Organised & Visual:** Colour-coded access pegs make it easy to allocate tracking to different authorised individuals or departments.
